School Description

Rocklin High School is a four-year comprehensive high school with a current enrollment of 1865. In spring of 2007, RHS was awarded designation as a California Distinguished School. Our continual quest for improved ways to help students succeed has earned RHS the distinction of being the highest-ranking school in all of Placer County for the ninth year in a row. In our 21 year history, RHS has established and maintained its reputation as an exceptional academic institution, boasting annually improved API scores: 830 for 2006; 832 for 2007; 841 for 2008; 859 for 2009; 865 for 2010; 881 for 2011; 888 for 2012; and 894 for 2013. RHS has also been recognized by US NEWS AND WORLD REPORT as a 'Silver School' in their "Best Schools in the Nation" issue.

All of RHS's core departments have established 'Essential Skills and Concepts' for their courses. ESCs establish critical curricular elements which students must indeed master before they can be considered as passing that course. Our system of education is driven by performance-based standards as mandated by the California Department of Education and the Rocklin Unified School District Board of Trustees. Our strong curricular framework is aligned with California Department of Education's Content Standards K-12 and our core departments collaborate to maintain common formative assessments within their courses. The core of our educational philosophy rests on the belief that all students will master the learning associated with a common set of standards.

On our path to continuous school improvement and realizing that students possess a wide variety of learning styles, RHS has a systemic, directive intervention program which encourages students to take ownership of their own learning - giving them 30 minutes daily to concentrate only on identified concepts which they have not yet completely mastered (PLUS Period). The academic year is based on two semesters, each approximately 18 weeks in length. RHS is on an 8 period rotating-block schedule with class periods of 80 minutes. Our intervention session is extended through lunch period for those students identified as severely academically at risk in a program called (MASH) More Academic Support and Help.

RHS provides students with a wide variety of opportunities to excel in areas of special interest. All students must complete a minimum 250 credits for graduation. These credit requirements include 40 credits in Language Arts, 30 in Science, 30 in Mathematics (students must pass both Algebra 1 and Geometry), 35 in Social Sciences, 5 in Health, 30 in Physical Education, 10 in Foreign Language, 10 in Technology, and 10 in Visual and Performing Arts. Additionally students are required to perform a minimum 25 hours of documented community service as a graduation requirement. 110 students from the class of 2016 performed 150+ hours and were recognized for their distinguished community service. 200 students were recognized as 2016 Golden State Seal Merit Diploma recipients.

Advanced and Honors courses are offered at all grade levels in Language Arts, Mathematics, Foreign Language (French 3, 4 & Spanish 3, 4), Science, Social Studies and Digital Art. AP courses offered are: Studio Art, 2D Design, Studio Art 3D Design, Calculus AB, Calculus BC, Statistics, English Language, English Literature, Biology, Chemistry, Environmental Science, Physics 1, Physics C-M, Physics C-EM, Music Theory, Psychology, Microeconomics, Government, World History, US History and Computer Science. In 2015-2016, 1289 AP exams were administered with 72% receiving a 3 or higher.

Mission Statement

The Rocklin High School Community inspires continuous intellectual, personal and social development. To that end, we build for success on the pillars of character, communication, commitment, curriculum, challenge and community.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

Our campus facilities and grounds are designed to provide for the safety of our students. Permanent buildings and relocatables were built in three phases from 1992 – 1998. The custodial, maintenance, and grounds crews operate together to keep the campus clean and well maintained. In the summer of 2010 the District Office and RUSD Board of Trustees added synthetic turf to our stadium; reconstructed our tennis courts and improved our blacktop area. In the summer of 2012 staff re-roofed and replaced 6 HVAC units above the locker/team/offices at the gym building.

On a daily basis, the campus is supervised by the discipline staff (discipline technicians, and administrators). They monitor the single public access route into the campus, the parking lot, and the school grounds during ingress and egress. During the school day, our discipline staff, support staff, and teachers supervise the campus and address issues, which include introducing ourselves to unrecognized adults and directing them to the office to gain access. Four days a week a school resource officer from the Rocklin Police Department is on campus. When students' behaviors violate the safety of the campus, they are referred to administration. Consequences are assigned according to California State Education Code and RUSD Discipline Guidelines. In 2010-11, handicapped parking accessibility throughout all parking lots on the RHS campus were updated to meet current code. In the summer of 2011 the soccer field and all parking areas were upgraded.

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. District maintenance ensures that the repairs necessary to keep the school sites in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Socioeconomically Disadvantaged	72	61	84.7	57.4
English Learners	14	13	92.9	30.8
Students with Disabilities	48	45	93.8	51.1

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**School Year 2015-16 CAASPP Assessment Results - English Language Arts (ELA)
Disaggregated by Student Groups, Grades Three through Eight and Eleven**

Student Group	Grade	Number of Students		Percent of Students	
		Enrolled	Tested	Tested	Standard Met or Exceeded
All Students	11	481	461	95.8	84.1

English Learners	11	11	8	72.7	25.0
Students with Disabilities	11	48	45	93.8	25.0

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Parental involvement is available through our school's Parent Club and School Site Council, which have regular meetings, and offer many opportunities to assist students and staff. Parents also chaperone dances, field trips and other school activities. Several programs such as choir, band, drama/theatre/dance, and athletics have parent support for their special activities. Parents are also encouraged to volunteer on campus especially in the library and College and Career Center. For further information contact Lori Stormar 632-1600 ext. 6101.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Rocklin High School has developed a comprehensive plan that addresses a variety of crisis situations. The school fosters awareness, preparedness, and school safety through regularly scheduled safety drills, as well as training for students and staff. Our school site employs a full time School Resource Officer (SRO) who works closely with the site and the district to ensure our campus remains a safe environment. The RHS Crisis Response team reviews safety related issues and reports, then plans prevention, intervention, and post-intervention activities with students, parents and teachers in a comprehensive school safety plan. The school safety plan is reviewed every spring and approved by our school site council and board.

All students at Rocklin High School are guided by specific rules and classroom expectations that promote respect, cooperation, courtesy and acceptance of others. All students should be provided the opportunity to experience positive and worthwhile learning experiences on the school campus. The goal of the Rocklin High School discipline program is to help educate and support our students by providing clear boundaries and expectations for personal behavior in social, academic and professional settings. Students and parents are informed of the discipline policies via the school website, student planners, class meetings and discipline talks from administration at the beginning of each school year. In addition, daily announcements, the school website, computerized voice messages, e-mails and social media provide both students and parents with regular communication. RHS utilizes a progressive discipline process in order to produce a desired change in student behavior, attitude and/or performance. Consequences for violations of the disciplinary policy may include warnings, detention, class suspension, on-campus suspension, off-campus suspension, parent conference, Saturday School, behavior contract, transfer to an alternative program or expulsion. Our school attendance office calls parents daily to report student class absences and our parents receive quarter and semester grade reports by mail. Parents can also access student grades online through Ed-line.

The Suspensions and Expulsions table illustrates total cases for the last three years. Suspensions are shown in terms of total infractions, not number of students suspended. As often as possible, administration utilizes our On-Campus Suspension room in order to keep students at school and current with their studies. Expulsions occur when required by law or when all other alternatives are exhausted.

Professional Development provided for Teachers

The Rocklin Unified School District is committed to high quality professional development that meets the needs of the staff aligned to the established Rocklin Unified's Strategic Plan. The focus of our Professional Development is the following: a continuous development and commitment to Professional Learning Communities; a commitment to systematic research-based effective instructional practices and intervention strategies; also ensuring that all students are provided the necessary skills and prerequisites to meet post-secondary goals; and to ensure all students meet College and Career Readiness Standards.

Career Technical Education Programs

All courses in the Academic Planning Guide are designed to meet graduation standards. Students and counselors work together to prepare for graduation. Approximately 90% of the core classes and 75% of the elective classes meet UC/CSU entrance requirements. Effectiveness of these programs is based on assessment and demonstrations in the classroom. RHS evaluates its program effectiveness on student placement in schools and programs after graduation (e.g.: 2 + 2 articulations with our local community college and student performances at universities and colleges). The counseling staff and the middle school counselors, developed a comprehensive six year plan for our students. We believe it is important for secondary students (beginning in 7th grade) to plan for their high school graduation. With guidance from the counselors, we assure that each student is aware of and has equitable access to all programs.

We work hard to provide students with an understanding and practice for “real world” experiences ranging from ROP to incorporating SCANS in the classroom. RHS provides programs in:

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
